Attorney General John Ashcroft
U.S. Department of Justice
950 Pennsylvania Avenue, NW
Washington, DC 20530

Dear Mr. Ashcroft,

I cannot help but think that this settlement recently reached between the Department of Justice and Microsoft is a good thing. Since the court case was as contentious as it was, there was very little progress being made.

The terms of this settlement, however, accomplishes a great deal without all the controversy. Most consumers will immediately benefit by being able to choose different software combinations without fear of compromising their installed operating systems, and most computer makers will benefit by being able to offer a wider variety of options to their customers.

All in all, this settlement is a great benefit to all and I am writing to express my support for it. Thank you for the hard work you put in to reach this settlement, and your continued support.

Sincerely,

Lisa Kianoff
President
